## ADJUDICATOR'S REMARKS

MACCABEES.

The music flows well and the detail is heard. Good style ev (B)

(C) This has life - but messy Var 6-3 Var 2 - good style and musical - well done MD. (D) Some musical

sounds - good Flug. (D) It all makes sense musically, well done.

Some ~~blatant~~ blunder from (K) !!

Var 3 - a good style - most of this works really well. (B) Good start but not quite controlled to (B). Well done to close.

Some mature hard sounds with musical touch for the MD.

Some of the technical passages were well played but not always tidy.

## ADJUDICATOR'S REMARKS

Uncomfortable 1<sup>st</sup> 2 bars - but then flow + style take over - some class sounds.

v1 This flow + is played so well.

E+ almost!?

v2 - bravo MD - so well shaped (and played)

fluy + cut ✓

Sop + euph show control + class.

Moments of class throughout - this is a pleasure to listen to. (mostly!). Keep concentrating!

v3 + flows with grace + style.

You continue to impress ✓

(are you in the correct section? :))

Not without errors - but beginning to end you display class + style - MD - bravo - you show understanding and musicality.

A class performance.
