I.	Placing
A Big bold opening with good dynamic contrasts. B some serious intonation problems. You make the music come alive, and leads to a fine ending.	1
II	
A good tilt to the music, but needs more accents where marked. E not always secure in melodic line. Some good effects, and again leads to a fine ending.	
III	
Some fine ensemble playing, and dynamically well controlled. This is a good movement.	
IV	
Fin to agree, but not always together. B soloists shine, as does accords. C. A brave attempt at pp., and some fine music making. E Not always secure. E+4 Not balanced. F. Good. Could have been quieter to finish.	
V	
Slightly uneven tempo, but everything is in it's place. Some very good rhythmic passages. This was a very good movement. Thank you.
